David:

Its an act of congress to get anything else. I was waiting on Brenda to review but never got a comment back so I will upload my comments. Minimal. I will call you.

thanks

Subject: Delta Shipyard Pits

Gary,

Was speaking with Ceci yesterday and she said that Linda had migrated all of the "0005" projects and released them in EAS. If you could please amend the due date until 9/15 or so it would give you and us a little cushion on incorporating any of your edits. If you need to leave it at 8/31 we can get it turned around, unless there are any major edits. Also, we're scraping the bottom on the budget. If it isn't too much to ask, could we get \$2,000 added to cover final edits, report generation, and close out activities?

Have you had a chance to go through the complete report? Any general comments that we can start addressing?

Thanks

David
